

How to read a book on the Anaya platform

Anaya Publishing Group books can be viewed via its digital platform.

It offers various tools such as content search and the option to highlight texts, add notes and customize text settings to facilitate learning.

Follow the steps below to access the book (the titles of the books given are only examples).

How to access books via the Anaya platform

To access books on this platform, just click on the link provided in the classroom resources and enter your Campus username and password:

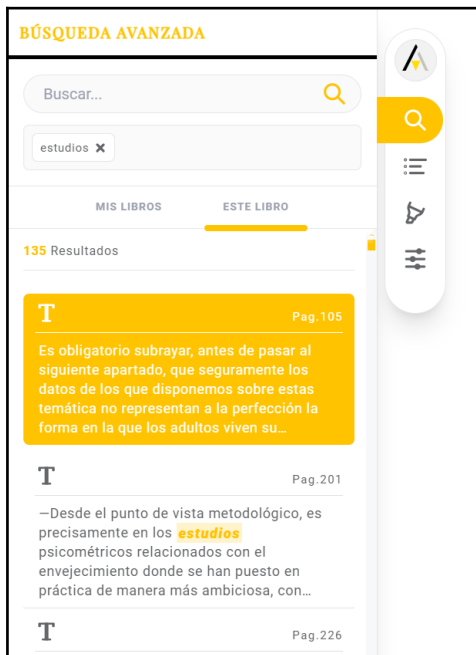

Features of the Anaya platform

Once logged in, the texts will appear in the following format:

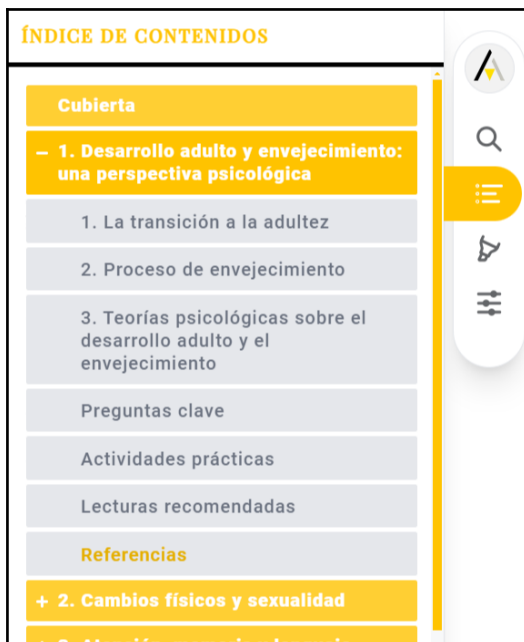

At the bottom of the screen there are controls for changing the font size and turning the page.

If you click on the icons on the right side of the screen, the following options are available:

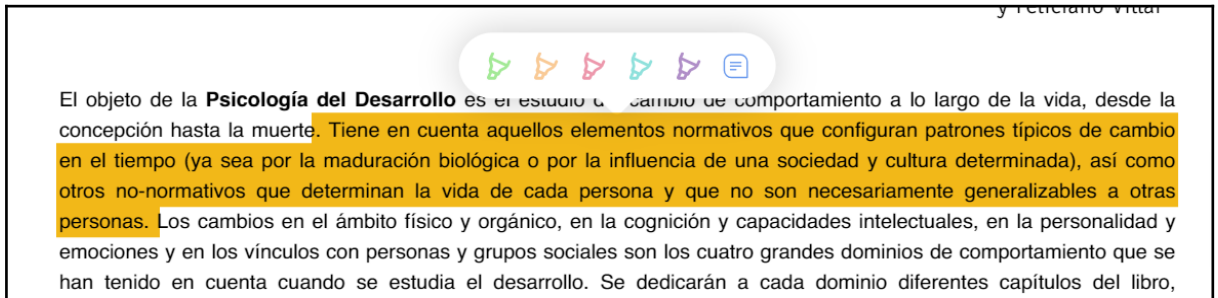

1. **Search:** you can search for any word or phrase within the book; all matches will be shown. Click on them and you will be taken to the page where they appear.

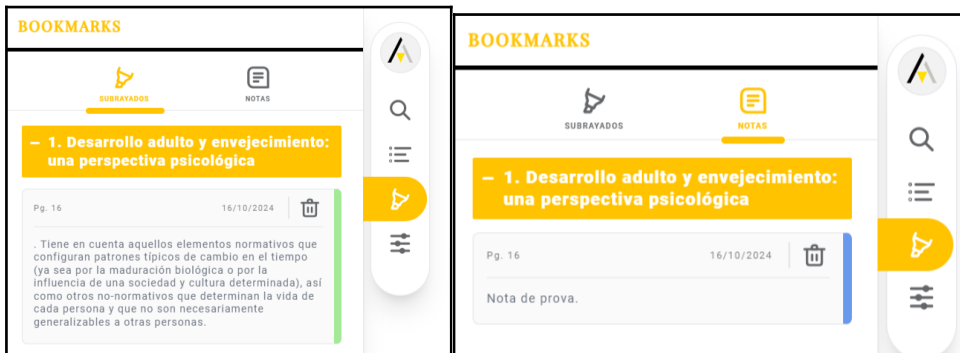

2. **Contents:** you can navigate through the book by clicking on a chapter or section that interests you.

- Highlighting and making notes:** if you select part of the text, a tab will appear above it, allowing you to highlight it in different colours. The last option is for making notes.

When you have done this, the highlighted text and the notes will appear in the side panel with the page number to which they refer:

- Settings:** click on the last icon to change the settings for displaying the text.
